WRO 2022 National Competition- OMAN

1- Introduction

Based on the number of registered teams for National Competition, we will hold a qualification competition and the best teams will receive a permit to participate in the WRO 2022- Germany.

2- Number of Teams

This table shows how many teams a National Organizer can qualify for the WRO International Final in the 2022 season:

RoboMission - Elementary teams at national level	Entries for Elementary 2022
5-49	1 or
50-149	2 or
150+	3

RoboMission - Junior teams at national level	Entries for Junior 2022
5-49	1 or
50-149	2 or
150+	3

RoboMission - Senior teams at national level	Entries for Senior 2022
5-49	1 or
50-149	2 or
150+	3

RoboSports teams at national level	Entries 2022
1+	1

Future Innovators teams at national level (all age groups combined)	Entries 2022 (free choice of age group)
5-29	1 or
30-69	2 or
70+	3

Future Engineers teams at national level	Entries
1+	1

For Future Innovators we can select only 1 team from OMAN for Final International WRO 2022 (all age groups together).

3- Age Groups

AGE GROUP/ CATEGORIES	AGE	2022 SEASON- BORN IN YEARS	
ELEMENTARY	8 – 12 Years Old	2010	2014
JUNIOR	11 – 15 Years Old	2007	2011
SENIOR	14 – 19 Years Old	2003	2008

For participation in the international WRO final it is strictly enforced that participants cannot, at any time in the year of the competition, be older than specified in the age group definitions. The maximum ages reflect the age that the participant turns in the calendar year of the competition, **not** his/her age at the competition day.

4- Team Definition

- Competitions in WRO are team based. A team consists of two (2) or three (3) team members.
- Each team is assisted by a coach. For the International Final the coach needs to be at least 18 years old.
- One (1) coach and one (1) team member is not considered to be a team and cannot participate.
- Any student may participate in one team only!

5- Playing Field & Booth Dimensions

- All playing field dimensions are mentioned in the **General Rules for each category**.
- Make sure the table matches the dimensions of the field mat as well as possible. If inside table dimensions exceed mat size, then note the guide in the category rule documents on how to place the mat inside the table.
- All RoboMission and RoboSports games are carried out on a field mat provided as a downloadable file from the WRO website and the social platform for National Organizers (www.roboticktick.com).
- We recommend printing the mats on Frontlit/ PVC (510gr/m2) with a matte finish.
- The Future Innovators teams must present their model in a 2m x 2m x 2m booth. At the international final, it is enforced that teams place nothing outside their booth.

6- Registration

To register your team please visit the following website, and fill in all the required fields, and click on the submit button:

<https://www.roboticktick.com/wro/season/2022/register>

Coaches should collect all the information and files, to do the registration of their team.

For ease of work, it is better that one person registers each team, and coaches are the best choice.

Don't forget to take a nice picture of all the team members together, and upload it when registering.

7- Important Dates

July 20	<i>Start Registration Teams</i>
August 20	<i>End Registration Teams</i>
September 3	National Competition of OMAN

8- Registration Fees

Registration Fee for each team member (1 student): 10 OMR

Registration Fee for Team Coach: 0 OMR (free)

Please one of the team members / parents pay the entire team to the following account number. Coaches must upload the receipt in the relevant section when registering.

Name: Prosperity Tower Information Technology L.L.C

Bank Name: Sohar International

Card Number: 4890 7610 0105 8926

Account Number: 023020012810

If you have any questions, please contact us

You can check the National Organizer of your country, on the following website:
